# NFC Ferrite Tag 0402

製品名称:

## NFC Ferrite Tag 0402

説明:

NFC Ferrite Tag 0402 (the smallest in the category) is designed to empower a device with NFC function. These tags are created to operate on-metal and free air respectively. Meanwhile, it is SMT-applicable.

## Member of AIM, RAIN RFID and NFC Forum

SAG is a member of RAIN® RFID alliance and committed to advocate the RAIN technology to accelerate UHF RFID growth and universal adoption. Meanwhile, we also join NFC Forum to target the booming NFC applications. These credentials speak for our passion in many different markets and our ambition in realizing The Internet of things (IoT).
